03 July 2017

Dear Customer

Construction Work in your area – Roker

As you know Northumbrian Water are working in your area. The £8 million scheme to improve the performance and resilience of the sewer network in the Roker, Seaburn and St Peter's areas of Sunderland started early September.

On 10 July 2017 we will move the working area further along Roker Baths Road past Ripon Street. Access to Ripon Street from Roker Baths Road will not be possible. Initially work will commence at the junction but will work up Ripon Street as far as Beatrice Street. We will implement a rolling road closure as the area of work moves up Ripon Street and we expect to reach Beatrice Street within 2 weeks. The work should be completed in its entirety within 6 weeks.

Please refrain from parking in the working area indicated on the plan overleaf from 08.00 on Monday 10 July 2017.

It is inevitable that there will be some disruption in the immediate vicinity, but please be assured that we will do our best to minimise any inconvenience to you. If you envisage any issues or concerns then please contact us so we can discuss potential solutions.

The site compound on Roker Baths Road, opposite The New Derby Public House, includes a Customer Centre; a representative will be on site from 8.30am to 4pm, Monday to Friday. Please feel free to drop by to discuss any queries that may arise.

We hope you appreciate that this work is necessary to improve the existing sewerage system and to reduce the risk of flooding and pollution. We thank you in advance for your patience and cooperation whilst we carry out this essential work.

We often resolve issues more effectively if we can discuss them with you first. If you have any site related issues or concerns during the course of this work, please talk to us about it. You can contact our site team on **0191 377 4500** between 8am and 5pm Monday to Friday or by visiting www.nwlcommunityportal.co.uk and following the Sunderland link.

Alternatively, you can contact the Northumbrian Water customer centre on 0345 717 1100 or log onto www.nwl.co.uk to arrange for a call back from the project team.

Yours sincerely

Christine Taylor
