

Our Ref: 3093 - 007– Weetslade Road, Dudley

Date: 2 August 2019

Dear Customer,

Esh Stantec, in partnership with Northumbrian Water will be carrying out some remedial works in the sewers in Weetslade Road

It will not be necessary to dig the roads up, but we will need access to two manholes in Weetslade Road.

Starting on Monday 12 August 2019, work is expected to be completed within 3 working days and will be completed under 4-way traffic light control – please see attached plan for location of works and traffic lights.

Your water supply will not be affected, but please allow extra time to negotiate the traffic lights.

We hope you appreciate that this work is necessary to repair defects in the sewer and thank you in advance for your patience and cooperation whilst we carry out this essential work.

If you have any concerns or questions about the work, please contact Esh on 0191 3774570 and we will be happy to answer your queries.

Yours sincerely

Richard Nattress
